Re: Cuff link found near the Phillips Farm House by Frederick Kellenberg of 159 Codwise Ave. after the bodies were found.

Operative interviewed Mr. F. Kellenberg at his home this evening in regards to his finding a cuff link at the Phillips Farm house after the murders. The cuff link is supposed to be marked "W.L.S. 1909" on the ball end.

Mr. Kellenberg states that he found a cuff link at the Farm house when he went out there after the finding of the bodies. He stated that he was not able to tell if the initials were W.L.S. or not, but kept the link for 4 days when Detective Ferguson of the New Brunswick Police Department came to his home and asked him to turn the link over to him, which he did.

Mr. Kellenberg further stated that the link was engraved in such a fine lettering that he could not decipher the initials, but if he had brought it to a jeweler he would have found out what they were, he failed to do this. He was not able to give any further information regarding the cuff link.

Respectfully submitted:
